

# DESCRIPTION

There are five guest cabins ( one master and four double cabins). The master bedroom and two double cabins each have their own bathroom, while the other two cabins share a bathroom. Each room and the living space have its own air conditioning system ( cooling and heating function).

LG smart TV ( Netflix / YOUTUBE/ HBO ) each room & living room. 4G internet with external antenna ( signal strength depends on the actual cruising or mooring area ). Ice machine and 2 extra wine fridges on board. JBL boombox 3 Bluetooth waterproof speaker ( stronger Soundsystem on request with extra cost ).

The interior of the motorsailer yacht is warm and elegant, with high-quality wood finishes and an open, airy feel. The salon and dining area are elevated, with wrap-around windows providing plenty of natural light. On the starboard side, a large curved shaped sofa, table, and chairs provide comfort and style for her guests. Below decks, there is one king cabin and four double cabins, all with ensuite bathrooms.

There are four different areas to relax on either the fore or aft of the yacht, as well as a deck area to enjoy the sun. The best location is the flybridge area, which was doubled in size in 2015 and offers plenty of space for sunbathers as well as an incredible view from the top of the boat.

Above the five cabins and bathrooms in the back of the boat, the Captain and crew have their own room and bathroom in the front of the boat.

Kitchen Equipment: Cooking amenities, Fridge-freezer, Electric stove, Nespresso coffee machine, Kettle, Toaster, Dishwasher, Washing machine with dryer, Outdoor Gas Garden grill

Water Toys: 2 paddle surf, snorkelling kits
